

Definition with a word answer at the end

- 1) Difference between greatest and least value in data set.
- 2) Relationship between x- and y-values.
- 3) Real number that can be expressed as a function.
- 4) Number sentence with an equal sign.
- 5) Survey of an entire population.
- 6) Distance of a number from zero on a number line.
- 7) A set of 2 numbers that identify points on a grid.
- 8) Middle number in a data set.
- 9) Average of a set of numbers.
- 10) Number appearing most often in a data set.
- 11) Group you want information from.
- 12) A transformation that produces a mirror image of the original figure.
- 13) Sides in same position in different plane figures.
- 14) Adding same number to both sides of equation creates equation with same solution.
- 15) A way of organizing data to show distribution.
- 16) Movement of a figure in a plane.
- 17) Triangle with 2 sides the same length.
- 18) Quadrilateral with top and bottom sides parallel but different lengths
- 19) Difference between 1st and 3rd quartiles in a data set.
- 20) Transformation where size of a figure changes, but shape does not.
- 21) Median of lower half of a data set.
- 22) Transformation that shifts a figure without changing its orientation.
- 23) Counting numbers, their opposites, and zero.

-
- 24) Having the same ratio.
 - 25) Terms in algebraic expression having same variable.
 - 26) Getting a letter alone on 1 side of equal sign.
 - 27) Number much greater or much less than rest of data set.
 - 28) Multiplying both sides of equation by same non-zero number creates same solution.
 - 29) Dividing both sides of equation by same non-zero number creates same solution.

Answers

- 1) Range
- 2) Function
- 3) Rational
- 4) Equation
- 5) Census
- 6) Absolute Value
- 7) Coordinates
- 8) Median
- 9) Mean
- 10) Mode
- 11) Population
- 12) Reflection
- 13) Corresponding Sides
- 14) Addition Property of Equality
- 15) Box-And-Whisker Plot
- 16) Transformation
- 17) Isosceles
- 18) Isosceles Trapezoid
- 19) Interquartile Range
- 20) Dilation
- 21) First (lower) Quartile
- 22) Translation
- 23) Integers

- 24) Proportional
- 25) Like Terms
- 26) Isolating the Variable
- 27) Outlier
- 28) Multiplication Property of Equality
- 29) Division Property of Equality
